CORBETT & WYMAN.

BOTH ARE IN SESSION.

The Two Conventions Being Held at Austin.

DIFFER ON FINANCIAL QUESTION.

The Regular State Democratic Convention is well attended and will discuss the silver question. The National Convention has but few delegates and is held at night.

Austin, June 24.—The Democratic state convention was called to order yesterday by Chairman Bailey of the state Democratic executive committee. There were about 700 delegates present and many spectators.

The first night of the convention was over temporary chairman. After considerable canvassing it fell upon W. F. Ramsey, who is a strong supporter of Congressman Bailey and which insured that he will be one of the delegates-at-large to the national convention.

If there was ever any intention of the Jorg-Culbertson crowd to shove Mr. Bailey the election of a Bailey man as temporary chairman dispelled any such. Harmony prevailed in the convention despite the warlike element that prevailed before the convention convened.

After the appointment of committees the convention adjourned until 4 o'clock to receive the reports.

The convention reassembled at 4 o'clock, but as the various committees were not ready to report, speeches were made by J. R. Hogg, Governor Culbertson, J. A. Blake and Senator Chilton, and a further recess was taken until 8:30 o'clock.

The convention met again at 8 o'clock and the report of the committee on credentials was received and adopted.

The report of the committee on permanent organization was changed so as to send eight delegates to the national convention. The rest of the report was adopted.

Then some contention occurred over the silver clause of the committee on platform, and on this the convention took another recess until today.

SOUND MONEY CONVENTION.

The attendance is a disappointment to the leaders.

Austin, June 24.—The sound money convention was somewhat a disappointment to the gold leaders. Not near the delegates attended as was expected, though the sound money leaders will carry on their fight.

The convention was called to order by Judge Hardy and after the appointment of the committees adjourned until 4 o'clock. It is not known yet if delegates will be sent to Chicago. If they do go they will be instructed to bolt if silver carries the day.

The convention reassembled at 4 o'clock and the various reports of the committees were received with little contention.

The delegates-at-large to the national convention at Chicago are George Clark, Rufus Hardy, E. S. Connor and A. L. Matlock.

Alternates—E. L. Anthony of Miami, C. M. Rodgers of Travis, W. L. Crawford of Dallas, D. C. Giddings of Washington.

The electors-at-large are: A. T. Watts of Dallas and W. O. Davis of Cooke.

The convention adjourned after appointing various committees.

BAIERS RENOMINATED.

Had it All His Way in the Congressional Convention at Austin.

Austin, June 24.—Congressman J. D. Bayers had it all his way at the Ninth congressional district Democratic convention here Monday. He was renominated without any opposition.

Resolutions adopted endorsed Mr. Bayers' course in congress; declared for free silver and pledged full support to all Democratic nominees.

Mr. Bayers made a speech accepting the nomination and pledged himself to silver. He said he would canvass the district in behalf of himself and all the other nominees.

OHIO DEMOCRATS.

Silver Has a Majority of the Delegates to Chicago.

COLUMBUS, O., June 24.—The preliminary meetings show that the silvermen have carried 17 of the congressional districts and the goldmen 4. The committee on resolutions and other committees and other committees, including the state central committee, stand 17 to 4. The Ohio delegation to Chicago when the delegates are all chosen will probably stand 28 to 8 for free silver, although the silvermen claim 40 to 6. With their large majority in this convention the silvermen intend to try to instruct the Ohio delegation for free coinage and to vote as a unit, so that the four gold districts, which include the cities of Dayton, Hamilton, Toledo and Cleveland, will be shut out.

The silvermen have over 600 of the 700 delegates and the goldmen are making no contest. Even ex-Governor Campbell announced today he would not stand for delegates-at-large or for his endorsement for president. As Campbell has been the Democratic standard bearer as a candidate for governor three times against Fowler, McKinley and Bushnell, the conservative element thought the convention would concede to him anything he wanted. The silver leaders, however, have given notice that

A SWINDLER TAKEN IN.

Eluded Government Officials For Three Years.

WAS CAUGHT UP IN MISSOURI.

He Operated Extensively in Texas, Missouri and Tennessee—His Victims Relieved With Care, and He Was Aided in His Work by Someone on the Inside of the National Capital.

KANSAS CITY, June 24.—The Journal announces the arrest at Neosho, Mo., by Deputy United States Marshal Pearson of a swindler who has eluded the agents of the treasury department for three years. The chief of the gang, who is known as J. B. Bell, alias J. F. Swarts, at Springfield. Along with him are N. M. Magluna and Thomas Robbins, heretofore respected citizens of Nevada, who are said to have been his dupes. Bell claimed to be a secret detective and carried credentials purported to have been signed by W. Q. Gresham.

The mission of the swindler was to distribute campaign funds for the national administration and he claimed to be able to give out to favored ones greenbacks that had been presented to the government for redemption and cancelled. He claimed that instead of destroying these bills the administration stored them in the treasury vaults to be distributed by him for campaign purposes. From each of his dupes the swindler exacted an initiation fee of \$500 and he represented to them that the number of citizens admitted to the brotherhood was so regulated that each member would be given \$4000 annually to distribute.

Notwithstanding that the scheme was clearly fraudulent, the authorities have evidence that the swindler has been extensively worked in Texas, central Missouri and Tennessee. The swindler was greatly assisted in convincing his dupes by an accomplice at Washington, from whom he received a daily mail, including letters to reports and other statements, that were apparently sent to him in franked envelopes. These were exhibited as an evidence of his authority. Bell, or Swarts, claims to be a Californian.

SOUTHERN PACIFIC EARNINGS.

They Have Decreased From \$5763 Per Mile In 1872 To \$2323 In 1895.

SAN FRANCISCO, June 24.—The report of the Southern Pacific company for the year ending Dec. 31, 1895, just issued, shows that the net earnings per mile have decreased gradually from \$5,763.97 in 1872 to \$2,323.62 in 1895. Decrease in net earnings is explained by decrease in receipts per ton, attributed to reduced freight rates. The figures show that the traffic has increased and net earnings decreased. President Huntington in his annual report says on the subject:

"The feeling, almost an epidemic, passing from state to state, under whose influence the people have fixed or endeavored to fix rates of fares and freights, which they should themselves pay for service given and benefits derived by the rights of those who create or own the properties is disappearing. A better appreciation of mutuality of interest between the public and railroads and a higher sense of justice has been reached in most states and it is reasonable to assume that similar state of public mind will soon obtain in a few in which attacks still are being made against corporate property and more particularly railroads."

REVOLT IN PERU.

It Continues to Gain Strength and Is Beginning Alarming.

PANAMA, June 24.—It is stated here upon good authority that the revolt which started at Iquitos, Peru, a few weeks ago continues to gain in strength and adherents, and if the expedition, part of which has left the capital for Loreto, the disturbed province, is not strong enough to crush it—the revolt may number several thousands—then it is feared that the whole country will soon be in revolt.

Seminario, who is at the head of the revolt, will soon be joined by the minister of finance during Caceres' administration.

The government recently opened an extra credit of \$50,000 to be used in treasury bills for the expedition to suppress the revolution, but that amount was regarded as ridiculously small, it being believed that at least 4,000,000 would be required.

NEW YORK FOR GOLD.

HARATOGA, June 24.—The Democratic convention to be held here on Thursday will be a bustling, bustling body. There are no definite plans, although it is generally expected that the platform will be for a gold standard, and the delegates-at-large will be David B. Hill, Roswell P. Flower, Edward M. Murphy and either William C. Whitney, Frederick R. Coe or Charles S. Fairchild.

Fort Worth Gazette Suspends.

FORT WORTH, Tex., June 24.—The Fort Worth Gazette has ceased publication. A mortgage on the paper for \$20,000 held by the Central Trust company of New York was the cause. It fell due and being unable to meet it closed up shop. Efforts are being made to start a new morning paper by the citizens.

Belasco Gets Judgment.

NEW YORK, June 24.—David Belasco has received a judgment for \$10,000 against N. K. Fairbank, a millionaire of Chicago, for training Mrs. Leslie Carter for the stage. A new trial was denied.

Bluded Government Officials For Three Years.

WAS CAUGHT UP IN MISSOURI.

He Operated Extensively in Texas, Missouri and Tennessee—His Victims Relieved With Care, and He Was Aided in His Work by Someone on the Inside of the National Capital.

KANSAS CITY, June 24.—The Journal announces the arrest at Neosho, Mo., by Deputy United States Marshal Pearson of a swindler who has eluded the agents of the treasury department for three years. The chief of the gang, who is known as J. B. Bell, alias J. F. Swarts, at Springfield. Along with him are N. M. Magluna and Thomas Robbins, heretofore respected citizens of Nevada, who are said to have been his dupes. Bell claimed to be a secret detective and carried credentials purported to have been signed by W. Q. Gresham.

The mission of the swindler was to distribute campaign funds for the national administration and he claimed to be able to give out to favored ones greenbacks that had been presented to the government for redemption and cancelled. Highest of all in Leavening Power.—Latest U.S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

Continued from 4th page.

Southern Bell mine at Gold Hill. Should development work be sold, the company will purchase the property. The purchase price is understood to be \$9,000, two-thirds of which will go to Mrs. Patterson and the balance to Mrs. L. L. Fielder.

The Standard mine is again being worked and good ore is being extracted. Cline is working the Nancy Lee mine and he is taking out good ore. Sharp and Henry Snyder are working on the Snyder properties near Snyder's peak and they are getting good ore.

William Werney is taking out a shipment of ore from his Werney mine. A shipment will soon be made from the Sullivan and Dolan mine. The ore averages about \$209 in gold, silver and lead, carrying about 80 per cent of the latter mineral.

The Mogulion mines are not creating much stir in the financial world, but they are being worked profitably just the same.

The Helix mining company at Graham is taking out good ore and the flow of bullion is not being diminished. The slopes above the adit level have been well worked out and sinking is now in progress. The ore bodies hold out and the ore is as rich as ever.

The Maud S. at Mogulion keeps hammering away, but if rain does not come soon the water supply will give out. Gearhart and McKinnis shipped a car load of ore to the Deming sampler this week from the Helix mine.

A car of ore from the Wyman mine near Stein's Pass was received at the Deming sampler this week. J. D. Weems, of Sear, made a car load shipment of ore early in the week to the Deming Sampler.

M. C. Weaver is working his mine in the Tres Hermanos district, is taking out good ore and will begin shipping about August 1st.

WISCONSIN DEMOCRATS.

The Temporary Chairman Speaks in Defense of a Gold Standard.

MILWAUKEE, June 24.—A caucus of congressional district delegations delayed the opening of the Democratic state convention and it was 11:45 when ex-Governor Peck, chairman of the central committee, called the assembly to order. Thomas F. Fawcett was selected as temporary chairman and after a brief burst of applause had introduced Mr. Fawcett delivered a speech on the issues of the day. He said:

"In the past the Democratic party today, as ever, insists that the honor and integrity of this nation shall be preserved, that all our obligations, no matter what the occasion or when the issued, shall be redeemed; no repudiation either in any way, either of debased currency or change of standard, shall or will be permitted. The Democratic party knows that in an era of commercial and industrial depression no action can successfully evict itself from the great sisterhood of progressive states and adopt or use some special medium of exchange and arbitrary measures of value in opposition to the rest of the enlightened nations of the world. It believes and insists that without any change of parity of gold and silver at a ratio of 16 to 1 without attempting to deceive or mislead those who profess to believe that a panacea of all our industrial ills is that the national treasury shall be turned into a barter shop or market house for the product of silver mines."

Free silver developed unexpected strength in the convention. Until, within three weeks ago the gold standard adherents were supposed to be overwhelmingly in the majority in Wisconsin Democracy, but when the test vote came on the adoption of the minority and majority reports from the committee on resolutions the silvermen were found to number 136 of the 340 delegates in the convention.

The delegates-at-large to the national convention are all gold standard advocates and are headed by Senator W. F. Vilas and General E. S. Briggs. The district delegates chosen include several silvermen, but they will be governed by the unit rule.

No preference was made for a presidential nominee.

SURE TO BE ALTGOLD.

He Will Be Renominated For Governor of Illinois by the Democrats.

SPRINGFIELD, June 24.—Governor Altgeld will be nominated, and he will accept the nomination, was the announcement made by Judge Samuel P. McConnell of Chicago early this morning. He had just had a long talk with the governor, but the exact nature of it he refused to make public. "I can assure you that what I say is true," he went on, "in fact, I speak with authority." The governor, however, would neither confirm or deny what Judge McConnell had said. "I do not wish to commit myself," he would say. As to the platform, it will declare for free silver and demand 16 to the revenue laws of the country be let alone."

Hotel Brunswick to Close.

NEW YORK, June 24.—It is reported that the Hotel Brunswick will be closed next Saturday. It will probably be dismantled. On Jan. 2, last, a fire broke out in the building, and from the time they left the post until they had finished there was little doubt of the result. It was a grand victory as a true run race, and August Belmont has another victory added to his already long string.

Religious Epidemic Among Children.

LITTLE ROCK, June 24.—An epidemic of fear is raging at Mountain Home in Baxter county and has already resulted in a number of deaths. The disease, which has so far been confined exclusively to children, is of a most virulent form and refuses to yield to medicines. Four children died from the disease on Monday and several now cases are reported. The disease somewhat resembles cholera and the local physicians are greatly exercised over it.

Denver's Population Increased.

DENVER, June 24.—The city of Highland has been made a part of Greater Denver by the vote of the taxpayers of the former municipality. This adds four miles of territory and more than 10,000 people to the city of Denver.
